Letter from our POA President - Cindy Leising

The sunshine seems to have returned to Florida. I am not sure who kidnapped it, but I am thankful for its return. With our temperatures warming up there will be more of our residents and guests out and about. Please be cognizant and respectful of our walkers, bike riders and others using our streets.

Some of you may have noticed the decal above, and on our recently purchased Camp Florida truck doors. We plan to use this decal design as our community logo. Fantastic job by those who helped design this logo. The verbiage is perfect as I think we can all agree this is "Our Happy Place." We are planning to incorporate this logo in some of our signage, letterhead and POA documents.

The month of February is an important month for our park as this is when we have elections for our outgoing board members. If you have not expressed your interest in one of the two positions available, please let Fred Myall (B32) know as time is quickly running out. Election day this year is February 17th.

We had some minor repairs that needed to be made to our pool, but all is repaired, and the pool is open for all to enjoy. All we need now is for the weather to cooperate!

"CRITTER" of the Month

Culicoides aka NO-SEE-UMS/biting midges part of the Ceratopogonidae family. 47 species are known to occur in Florida. The picture below depicts an adult biting midge, showing a blood-filled abdomen. Biting midges are holometabolous (complete metamorphosis), progressing from egg to larva to pupa, and finally to the adult stage. The complete cycle can occur in two to six weeks. In the US, the biting midges are primarily a nuisance, and the major medical issue associated with Culicoides is allergic reactions to the bites. Historically, management methods included diking and drainage of marshlands to reduce the habitats used by the immature stages. Coastal areas provide primary habitat for biting midges. Tourists and potential home and land owners consult local maps prior to visiting or purchasing coastal areas to determine the proximity to producing areas.

Park Manager's Message – John Sims

It's hard to believe that January is gone, although the January weather can exit with the month. Hopefully the rest of the winter season will have a better weather pattern.

We are into the political season so if you want to display a political sign, it has to be in the window of your RV or Park Model. The only signs on a lot that can be displayed is a FOR SALE sign or one displaying the property owners name or address. No signs other than those approved by the Board of Directors, such as informational signs like SPEED BUMP AHEAD or SPEED LIMIT signs can be posted along the side of the roads.

The pool has been closed more than it has been open, mostly due to weather conditions. However, we have had a problem with one of our pool heaters which has been addressed and we have had a major water leak which our maintenance team was able to repair.

Please enjoy the rest of the season and stay safe. Follow the speed limit, wear bright/light clothing when walking at night and carry a flash light. Lights on when operating a golf cart after dark and make sure your bicycle has the required lighting after dark.

If you have any complaints or concerns, please see park management first. We are paid to address those issues so please put it in writing so we have a record of it and we will follow up.

Thank you for helping us keep Camp Florida attractive.

John Sims, Park Manager

Camp Florida POA 5 Years and Beyond Plan

Planning for Camp Florida's future is a topic of great interest to all of us as property owners. This year at the annual meeting, which is on February 17, 2024, when you sign in at the door each registered property owner in good standing will be given a form where you can express and share your future desires, improvement ideas and ideas for our park's future. You can drop your completed forms in the ballot box or drop them off at the POA office. This feedback will be an important tool that will be used by your Board of Directors during our annual budget planning and future park needs. Thanking you in advance for your participation.

VOLUNTEERS NEEDED

FOR THE PET PARADE 2024

I am seeking help in the planning, coordination, and implementation of the Pet Parade. There are many jobs to fill so that we can put the spotlight on our beloved furry and feathery friends. You do not need to have a pet to volunteer. Please plan to attend our planning meetings that will be at 3:00 on February 8th and March 7th outside of the office next to the Card Room.

NEW DATE FOR THE PET PARADE

Registration forms will be made available soon. We are accepting donations in the form of toys (must be clean) and food (must be unopened). You can bring these items to the parade or drop them off at Cheryl O'Brians house at D22. These donations and the 50/50 raffle monies will be given to Pawsitive Effects, a local 501(C)(3) that looks to find homes, promote spay/neuter, pet adoption, animal welfare, pet retention, resources and more. Even if you don't have a pet, come and join the fun. There will be entertainment from the Jammers, other music provided by Don Keeler, food and of course our adorable pets! More volunteers are still needed. See Joan Fisher at E54 if you are interested.

3:00 PM • Card Room

Please join our Book Club with our March Host, Paulette Kallstrom, as she meets to discuss March's book pick, by author Pat Conroy. *"The Prince of Tides"*. PAT CONROY has created a huge, brash thunderstorm of a novel, stinging with honesty and resounding with drama. Spanning forty years, this is the story of turbulent Tom Wingo, his gifted and troubled twin sister Savannah, and their struggle to triumph over the dark and tragic legacy of the extraordinary family into which they were born. Filled with the vanishing beauty of the South Carolina low country as well as the dusty glitter of New York City.

The Prince of Tides is PAT CONROY at his very best!

FEBRUARY'S OFFERING

WINTER BY THE LAKE

There is no ice on winter lakes; no snowy shores nearby
No icicles nor icy roads, few Snow Geese in the sky
No crystal sheen on evening snow; no frosted boughs of green
No winter moon, no frozen stars; few clouds of breath are seen.

There is no ice on winter lakes, cold winter here...there's none
No sledding here with shrieks of joy; but Oh, there is the Sun!
